This **TRANSPORTED SEMEN BREEDING CONTRACT** for a **DONATED/TRANSFERRED OR PURCHASED ELSEWHERE BREEDING** is made and entered into on this \_\_\_\_ day of \_\_\_\_\_, 200\_\_, is by and between Nancy & Walt Magnussen, hereinafter designated BREEDER, and \_\_\_\_\_ hereinafter designated MARE OWNER. Mare Owner agrees to breed the Mare \_\_\_\_\_ Breed \_\_\_\_\_ Reg# \_\_\_\_\_ Age \_\_\_\_\_ to the stallion **ALL HANDS ON ZIP**, Reg #517790, for a live foal subject to the following conditions:

1. If the stallion fee has been donated, there will be a reduced booking fee of \$150 which the mare owner is responsible for and must be paid before any semen will be shipped. **All other transferred services or services purchased elsewhere must include the full booking fee of \$350.** All invoices are payable upon receipt with a late fee of \$20.00 applied to past due accounts. The Mare Owner should try to notify the Breeder of the expected breeding date at least two weeks prior to actual shipping date.
2. A prepaid collection/shipping fee of \$300 will be required for each shipment. Shipments will be sent by Federal Express priority overnight service whenever possible. Any shipment sent by airline counter to counter service will have an additional charge of \$100 to cover courier and airline charges. The shipping container must be returned within 72 hours of time it is received, priority overnight and insured for \$350 at the Mare Owner's expense. A \$25/day charge will apply for every day the container is late. If a multi-use shipping container is used, Mare Owner may return it by standard mail, or if not returned will be charged \$40.

### 3. COLLECTION SCHEDULE BEGINNING FEBRUARY 1st MONDAY WEDNESDAY FRIDAY (A.M.) 979-361-3355

4. All orders for semen must be placed with Little River Veterinary Services (979-361-3355) by 6 P.M. (CST) the night before collection. **All fees must be paid before semen will be shipped.**

5. This Contract contains a "Live Foal Guarantee." A live foal is described as a foal which stands and nurses without assistance. If foal is born dead, there are return privileges for the following season only, providing Breeder is notified within 10 days and receives a veterinarian's statement confirming death. If after being pronounced "safe in foal", the mare should miscarry, abort or prove barren, the Mare Owner has the privilege to rebreed her during the current breeding season February 1 through July 1, or the following year, by transported semen providing there are transported breedings still available. The Mare Owner certifies that such abortion or death did not result from any act or omission of the Mare Owner subsequent to the Mare's departure from the Breeding Farm. Booster Rhinopneumonitis vaccinations must be administered as indicated by the individual drug manufacturer as the Mare progresses through her pregnancy. **FAILURE TO DO THIS WILL VOID THE LIVE FOAL GUARANTEE.** All current lab & shipping fees will apply. Any rebreed may be done on -site for current farm breeding charges. **A booking fee of \$350 is required for all returning mares.**

6. The mare should be in a healthy and sound breeding condition. A current copy of registration papers and mare information form must accompany breeding fee.

7. Breeder agrees to diligently try to settle the mare, however, if mare fails to settle, for any reason, Mare Owner will hold Breeder blameless. We ask that if Mare does not get in foal on the first semen shipment, that Owner call Little River Veterinary Services and discuss any problems with the attending veterinarian. It is the goal of all parties that your Mare get in foal and produce you, the Mare Owner, a live foal with the first semen shipment.
